51 ü 125. Separability of senate districts. Each senate district created  
52 by this title shall be deemed a separate district for the purpose of  
53 apportionment of the entire state into senate districts. If one or more  
54 senate districts created by this title are judicially found to be inval-  
55 id or unenforceable for any reason, including but not limited to non-  
56 compliance with decisions and mandates of a court of competent jurisdic-

1 tion, only the defective district or districts and those immediately  
2 adjacent or contiguous thereto shall be reapportioned. All other  
3 districts shall be deemed to be properly created.

4 TITLE III  
5 MISCELLANEOUS

6 Section 126. Application.

7 127. Construction.

8 128. Saving clause.

9 ü 126. Application. For the purpose of filling vacancies occurring  
10 other than by the expiration of term in the offices of members of the  
11 senate and assembly elected at the general election in two thousand ten,  
12 or at a special election held to fill a vacancy in the office of a  
13 member elected at said general election, the senate and assembly  
14 districts of this state, as existing immediately before the effective  
15 date of this article, shall continue to be respectively, the senate  
16 districts and the assembly districts of the state.

17 ü 127. Construction. a. This article shall be liberally construed to  
18 effectuate the purposes thereof and to apportion and district this state  
19 in compliance with the requirements of law.

20 b. It is intended that this article and the districts described there-  
21 in completely encompass all the area within the state. It is further  
22 intended that the apportionment and districting provided for in this  
23 article result in the creation of districts which are substantially  
24 equal in population and contain all inhabitants in this state, based on  
25 the Federal Census of two thousand ten, as adjusted pursuant to the  
26 provisions of part XX of chapter fifty-seven of the laws of two thousand  
27 ten. It is also intended that no district shall include any of the area  
28 included within the description of any other district.

29 c. The apportionment of assembly districts and senate districts shall  
30 be deemed to be separate from each other. The invalidity of the  
31 districts contained in one title of this article shall not affect or  
32 require the redistricting provided by the other title of this article  
33 when the provisions of such other title have been found to be valid by a  
34 court of competent jurisdiction.

35 ü 128. Saving clause. a. If the districts described in this article do  
36 not carry out the purposes thereof, because of unintentional omission;  
37 duplications; overlapping areas; erroneous nomenclature; lack of  
38 adequate maps or descriptions of political subdivisions, wards, or other  
39 divisions thereof, or of their boundary line; street closings, changes  
40 in names of streets, or other changes of public places; alteration of  
41 the boundary or courses of waters or waterways, filling in or lands  
42 under water, accretion or other changes in shorelines; or alteration of  
43 courses, rights of way, or lines of public utilities or other condi-  
44 tions, then the state board of elections, at the request of any person  
45 aggrieved thereby, or any candidate affected thereby shall, by order,  
46 correct such omissions, overlaps, erroneous nomenclature, or other  
47 defects in the description of districts so as to accomplish the purposes  
48 and objectives of this article.

49 b. In promulgating such orders, the state board of elections, in addi-  
50 tion to achieving equality in the population of districts and insuring  
51 that all areas of the state are completely and accurately encompassed in  
52 such districts, shall be guided by the following standards:

53 (1) Gaps in the description of any district shall be completed in a  
54 manner which results in a total description of that district consonant  
55 with the description of adjacent districts and in complete contiguity of  
56 districts.

1 (2) Areas of the state included within the descriptions of more than  
2 one district shall be allocated to the district having the lowest popu-  
3 lation.

4 (3) Areas of the state not included within the descriptions of any  
5 district shall be allocated to the adjacent district having the lowest  
6 population.

7 (4) In the event that the area subject to corrected description or  
8 allocation as provided in paragraph one, two or three of this subdivi-  
9 sion is of such size or contains such population that its inclusion as a  
10 unit in any district would result in substantial disparity in the size,  
11 shape or population of such district, then the state board of elections  
12 may allocate portions of such area to two or more districts.

13 (5) In any allocation of area or correction of descriptions made  
14 pursuant to this section, the state board of elections shall, consistent  
15 with the foregoing standards, preserve the contiguity and compactness of  
16 districts and avoid the unnecessary division of political subdivisions.

17 c. Copies of such orders shall be filed by the state board of  
18 elections in its own office and in the office of the affected boards of  
19 election. A copy of each such order shall also be filed by the state  
20 board with the legislative bill drafting commission to facilitate it in  
21 performing its functions under section seventy-b of the public officers  
22 law. In addition, a copy of such order shall be served upon the person  
23 or candidate, if any, who instituted the application for such an order.  
24 The state board of elections may adopt reasonable rules regulating the  
25 procedure for applications for orders under this section in the manner  
26 of serving and filing any notice or copy of orders relating thereto.

27 d. Upon the filing of such an order, the description of any affected  
28 district shall be deemed to have been corrected in the manner provided  
29 in such order to the full extent as if such correction had been  
30 contained in the original description set forth in this article.

31 e. In furtherance of effectuating the provisions of subdivision d of  
32 this section, the legislative bill drafting commission, upon receipt  
33 from the state board of elections of an order promulgated pursuant to  
34 subdivision b of this section, and upon the approval of the temporary  
35 president of the senate and the speaker of the assembly, shall cause the  
36 description of a senate district or assembly district altered pursuant  
37 to any such order to be revised accordingly within its data base of the  
38 laws of the state of New York so that such altered district may be  
39 contained in a publication of the state law and be certified to as a  
40 correct transcript of the text of law relating thereto such district in  
41 the manner authorized by section seventy-b of the public officers law.

42 ü 2. In order to provide for an orderly election of members of the  
43 legislature and in recognition of the constitutional mandate that legis-  
44 lative districts shall be created by law subject to judicial review  
45 under such reasonable regulations as the legislature may prescribe, it  
46 is hereby determined and declared that no order of the court invalidat-  
47 ing this act or part thereof shall be entered in a manner which will  
48 deprive the legislature of an opportunity to discharge its constitu-  
49 tional mandate. In any proceeding for judicial review of the provisions  
50 of this act, the determination of the court shall be embodied in a  
51 tentative order which shall become final thirty days after service of  
52 copies thereof upon the parties unless the court shall, in the interval,  
53 on application of any party, resettle its order.

54 ü 2-a. (a) The speaker of the assembly is hereby designated as the  
55 appropriate official of the submitting authority, who is responsible for  
56 obtaining preclearance of the revised assembly districts set forth in

1 section 121 of the state law, as added by section one of this act, in  
2 compliance with the provisions of 42 U.S.C. ü 1973c.

3 (b) The temporary president of the senate is hereby designated as the  
4 appropriate official of the submitting authority, who is responsible for  
5 obtaining preclearance of the revised senate districts set forth in  
6 section 124 of the state law, as added by section one of this act, in  
7 compliance with the provisions of 42 U.S.C. ü 1973c.

8 ü 3. If any clause, sentence, paragraph, section or part of this act  
9 shall be adjudged by any court of competent jurisdiction to be invalid,  
10 such judgment shall not affect, impair or invalidate the remainder ther-  
11 eof, but shall be confined in its operation to the clause, sentence,  
12 paragraph, section or part thereof directly involved in the controversy  
13 in which such judgment shall have been rendered.

14 ü 4. Section 126 of the state law is REPEALED and a new section 126 is  
15 added to read as follows:

16 ü 126. Application. For the purpose of filling vacancies occurring  
17 other than by the expiration of term in the offices of members of the  
18 senate and assembly elected at the general election in two thousand  
19 twelve, the senate and assembly districts of this state, as described  
20 and set out in a chapter of the laws of two thousand twelve as added by  
21 senate bill number 6696 or assembly bill number 9525, shall continue to  
22 be respectively, the senate districts and the assembly districts of the  
23 state.

24 ü 5. This act shall take effect immediately, provided that the  
25 provisions of section four of this act shall take effect January 1,  
26 2013.
